Leeming RAF Community Primary School is at the heart of the local community, based 'behind the wire' of the RAF Leeming base. There are currently 210 pupils on roll, and the school has significantly higher than average pupil mobility. This results in a fast paced, exciting and ever-changing working environment. Owing to the high level of Service Families here, we play a vital part in welcoming, developing then supporting the transition of children into the next stage of their education.

We pride ourselves in "Inspiring Excellence", not only in academic progress, but also in each child's social, emotional and personal development. We believe in making a difference to the education and development of children through their time in our school, regardless of how long that may be. Visits are welcomed.

We are seeking to appoint a skilful, outstanding practitioner to teach in KS2. Ideally, candidates will have wide experience of teaching across the age range of KS2, and they should be able to demonstrate how they have had an impact on raising pupil standards during their career.

The successful candidate will:

- Demonstrate outstanding teaching skills
- Maintain high expectations in all areas, including behaviour and achievement
- Encourage and nurture a love of learning in children which extends beyond the classroom
- Be a collaborative 'team player' eager to share good practice with others.
- Always give 100% and be committed to the children in their care
- Be eager to develop their own practice and try new, creative approaches

We offer you:

- A highly supportive and encouraging working environment
- Excellent opportunities for CPD, tailored to your needs
- An inclusive approach where all staff are given a genuine voice
- High quality TA support
